SPORTS: PAPER PLATE FRISBEE

Did you know that the story of the Frisbee began in Bridgeport, Connecticut, where William Frisbie opened the Frisbie Pie Company in 1871. Students from nearby universities would throw the empty pie tins to each other, yelling “Frisbie!” as they let go. By 1957, the Wham-O toy company rolled out the first batch of their aerodynamic plastic discs—Frisbees. Using ordinary paper plates, make your own frisbee and test it out with your family!

For visual instructions: krokotak.com/2014/05/cool-diy-frisbee-from-paper-plates

Supplies:

- Two paper plates
- Markers or crayons
- Clear packing tape

Instructions:

1. Draw a circle in the center of each paper plate that is the same size and cut out the shape.
2. Turn the plates upside down and use markers or crayons to decorate as you wish.
3. Place both plates together, decorated side facing out, and tape them together by following the outside edge.
4. And then it’s time to PLAY!
